

THE BRITISH COLONIST.
Friday Morning, Nov 8, 1867.
TO ADVERTISERS.
Transient Advertisements must be paid for in advance
to insure insertion.
TO AGENTS.
Settlements of accounts will be required monthly, or
the supply of papers will be discontinued. The daily and
weekly issues will be furnished at the lowest cash rates
and no exception will in future be made to this rule.
NANAIMO AGENCY.
Mr H. W. Alexander is no longer author-
ized to act as Agent of this paper at Nanaimo.
Our business at that place will in future be
conducted by Mr S. D. L. V. who is alone em-
powered to receipt for subscriptions, &c.

An Absentee Attorney General.
Few things are more destructive of
the best interests of society than a
failure in the administration of justice;
and no circumstance exerts a more
unwholesome moral effect upon the
masses than a knowledge of the fact
that through the dilatoriness or cow-
ardice of a public officer, criminals are
permitted to escape a well-earned
punishment. We are led to this re-
flection by the state of affairs that has
obtained at the late term of the
Assize Court. By law, the Attorney
General is required to attend and
represent the Crown; or, should he be
unavoidably absent, he must depute a
proper person to act for him. When
the Court opened on Monday, Mr
Crease was *non est*. He remained at
New Westminster, and authorised a
gentleman to act for him who (if Mr
Crease knows anything of the laws of
the Colony in which he holds office)
he ought to know is debarred by those
laws from practising at the bar. The
consequence was a failure of justice in
at least three cases. Two murderers
and a swindler are turned loose upon
the community to renew their crimes
as occasion may offer. In these cases
no subpoenas had been served, no
depositions copied, no writs issued.
The machinery of the Court was
clogged, and but for the timely assist-
ance of an experienced legal gentle-
man, who chanced to be disengaged,
there would have been an utter and
complete stoppage of the whole busi-
ness, and all the prosecutions must
have fallen to the ground. The Court
is not in session at New Westminster,
and we ask why Mr Crease was not
present to discharge the duties of his
office? The convenient excuse of
"Council meeting" will be put forth,
of course; but that excuse is worn
threadbare and cannot be accepted as
valid. We really believe that Mr
Crease, not being sure of his own
status before Mr Needham, sent Mr
Alston ahead to feel the way for him
—to "prospect" the ground. If he
had gone well with Mr Alston, and
Attorney General would have ap-
peared and bowed down, and next
begowned and bowigged at the duties
Assizes and entered upon them. All
that pertains to the well with Mr
however, did not succeed in a false
Alston, who was Attorney General;
position by the remains for Mr
and now to come himself. The
Crease by general ought to be above
attending as has been developed
such a trick. He must have known that
Alston could not legally act; and
he did not know it, he ought to re-
sign and "post" himself as to the
meaning of the statutes before he
again enters a Court of Justice. The
moral cowardice displayed by the At-
torney General in seeking to avoid an
issue that he must sooner or later
face is inexcusable under any circum-
stance; and since injury has resulted
to the public interests, the delinquent
official should be visited with the
severest censure.

English and Continental News.
(Dates to September 15th.)
The London correspondent of the Edin-
burgh *Scotsman* says that Lord Derby will
soon resign the Premiership of England,
on the ground of ill-health, and points to Lord
Stanley or Mr Disraeli as most likely to suc-
ceed to the office.
General Garibaldi definitely refused the in-
vitation to be present at the reform banquet
at the Crystal Palace, London, fixed for the
30th of September, on the ground that he did
not know what matters "may be then en-
gaging his attention in Italy."
The steamship *Brazil*, belonging to the
French Messageries Impériales Company, and
the English bark *Dolphin*, had been in colli-
sion in the sea of Marmora, resulting in the
total loss of the steamer, with thirty lives.
The remains of Napoleon II. are to be re-
moved from their various resting places at
Vienna, and laid in the newly-restored vaults
of the Abbey of St. Denis, France.
The *Situation*, of Paris, of Sept. 6th, pub-
lishes the draft of a treaty between Austria
and Prussia, chiefly based on the principle
that Prussia should favor the extension of
Austria's power in the East, and that Aus-
tria should support Prussia's prospects in
Germany.
Some Prussian officers have been sent to
Warsaw to instruct Russian officers and
sergeants in the handling of the new gun.
In addition to the American breech loading
rifle adopted by the Russian army, the need-
gun is to be also introduced.
The official denial is given in St. Peters-
burg to a statement of the *Courrier Français*
that a concentration of Russian troops had
taken place on the Austrian frontier.
Telegrams from India, dated Calcutta,
Aug. 3, says: Favorable accounts are re-
ceived from the famine districts. The crops
are thriving. Cholera still prevails in the
northwest provinces of the Punjab. Bengal
is healthy and the harvest prospects are good.
The *People's Gazette*, of Florence, men-
tions a rumor, according to which the King

of Italy had reproached Garibaldi in friendly
terms with his attempts against Rome, and
pointing out to him the danger to the public
peace, and the tranquillity of the nation
which would be created by any further hostile
effort.
Marshal Niel, the French Minister of War,
on dismissing the troops encamped at Cha-
lons, made use of the following significant
words:—"Messieurs, you have been studying
the theory of war; you will soon study its
practice."
There was an election of a member of the
French Legislative body, and the govern-
ment candidate was defeated. The election
was for the department of Isère, and M.
Riondel, the opposition candidate, received
16,000 votes against 13,000 given to M.
Klober.
Count Bismarck is represented to have
offered large advance of money to the Italian
government and promised to assist the latter
if it should think fit to make a *casus belli* of
the position taken by France in Rome.
The committee of the reform fete and ban-
quet to come off at the Crystal Palace, Lon-
don, on the 30th September, had received
authority from a number of members of Par-
liament and others to place their names on
the honorary committee. Mr Bright will be
present. Earl Russell in a letter to the com-
mittee declines the invitation. Mr Gladstone's
letter to the committee says the celebra-
tion is amply justified by the great extension of
of the franchise.
The fortress of Luxembourg was evacuated
by the last Prussian soldier on the 3rd of
September.
The *Pall Mall Gazette* contradicts a report
circulated in London, to the effect that Mr
Charles Dickens is in so bad a state of health
that he has been ordered to abstain entirely
from literary labor, and that his contemplated
visit to America is to be undertaken prin-
cipally with the view of restoring his health.

Dominion of Canada.
MONTREAL Canada, Sept. 27, 1867.
The Executive Council held a meeting at
Ottawa to-day.
It is understood that the chief subjects to
come before the House of Commons will be
an indemnity bill, inter-colonial railway, fish-
ery question, transfer of local public works
to provincial control, equalization of the tariff
and the admission of Northwest Territory.
British Columbia and Vancouver to the
Union.
The elections in Nova Scotia have resulted
in a defeat of the Unionists Dominion and
local candidates in every county, save two in
the Province. Howe and Tupper are both
successful.
Archibald McKellar, the leading candidate
of the Opposition party, defeated in Kent,
was on the 20th inst. returned to the House
of Assembly by another constituency. Mr
Cumberland, Manager of the Northern Rail-
way, was also elected. The Hon. John
Hindlyard Cameron, a prominent member of
the Government, was on Saturday elected for
the House of Commons.
The Hon. Mr Carling and Rufus Step-
henson, members for Kent, and others, who
were returning from an election tour, were
mugged on their arrival at the station at
London on Friday last. Of Saturday
the *Ottawa official Gazette* Parliament
contains an order prorogued of November.
The Parliament of the Province of Quebec
is prorogued until the 10th of November.
A scrutiny of the results of the election in
the West is to be held to show that 500 fraudu-
lent votes, Mr McGee is shortly to be ap-
pointed to a high and permanent position
under the Government.
Mr. Durand, the leader of the Quebec
opposition, has been elected in Hochelaga
to the House of Commons.
The Hon. D'Arcy McGee publishes an
earnest letter on the morale of electioneering,
and calls for evidence against and prompt
justice to be done upon the ringleaders. He
traces the mob spirit so suddenly developed
to Fenianism, but considers that the riot
would not have occurred had not the first
symptoms found apologists.
It is reported that Lieut. Gen. Sir Charles
Windham, K.C.B., is to succeed Sir John
Mielche in command of the forces in British
North America.
Parliament was to meet Nov. 21.

Australia.
NEW SOUTH WALES.
Dates from Sydney are to the 31st of
August. The recent news from England,
via South Australia, states among other
things that Sir John Young's successor is
to be Earl Belmore, an Irish nobleman,
descended from one of the Scotch emig-
rant families.
The bushranger Thunderbolt robbed the
Cassilis and Muswellbrook mail on the
6th August.
At the Great International Exhibition
at Paris, the colony of New South Wales
has carried off one gold medal, three sil-
ver ditto, nineteen bronze ditto, and
seventeen "honorable mention," thus
placing herself in a decided superiority to
her sister colonies.

The Mundooran mail coach, horses and
mail bags, were swept away by the last
flood at Celbora. The driver and two
passengers barely escaped. It is ex-
pected that the driver will not recover.
At Enn creek 100 tons of quartz from
claim No. 1, north of O'Brien's, has
yielded 385 ozs, the reef being 6 feet
thick. The 7 mile Rush is progressing
favorably; golden holes are being bot-
tomed daily.
It is contemplated that through the co-
operation of the different steam navigation
companies, a fleet of from 30 to 40 steam
vessels will meet Her Majesty's ship
Galatea on her arrival off this port with
the Duke of Edinburgh on board.
W. Keene, of Newcastle, has obtained
the gold medal of the Paris Exhibition
(the only one awarded to New South
Wales exhibitors) for his coal and general
mineralogical collection.
VICTORIA.
Dates from Melbourne, via Sydney, by
telegraph, are to the 30th of August:
The newly-appointed American Consul
for the colony of Victoria, Gen. George
R. Latham, arrived at Melbourne in the
latter part of July, in the American bark
Surprise, from Boston. Gen. Latham
succeeds Mr. Blanchard, whose term of
office has expired.
A shock of earthquake passed through
Melbourne at half past 5 o'clock on the
morning of the 10th of August. It was
preceded by a low rumbling noise that
lasted for two minutes, followed by a violent
shock that lasted for something like
between 10 and fifteen seconds. Its
course was from north to south; but it
was not felt in South Australia. It
seems to have been general throughout
the colony. No damage has resulted.

The Melbourne *Herald* states that an
English company of ample resources has
sent out by the last mail the most tan-
gible proposal that has yet been made for
a monthly mail and passenger service via
the Cape of Good Hope. They offer to
despatch vessels of large tonnage and full
power to do the passage in 42 days so as
to alternate with the monthly mail via
Suez, and to bind themselves to punctu-
ality under a penalty of £500 per day,
on receiving also a bonus of the same
amount for every day saved out of the 42.
The subsidy they require is £60,000 per
annum, leaving the colony to make its
own arrangements with the other colonies
as to their mails. The matter is before
the Cabinet. It is understood that the
most satisfactory security will be given
for the performance of the contract, and
the Company will be prepared to send out
the first ship within a year after the con-
tract is signed.
The Payment of Members bill has
passed the Legislative Assembly of Vic-
toria, by a majority of 20 to 9.
Edward Bathurst, the notorious swin-
dler, formerly a magistrate, has been sen-
tenced to two years hard labor.
The Caledonian Societies of Victoria
have combined to welcome Prince Alfred.
W. N. McCann, ex-member of the Vic-
toria Legislative Assembly, has been
found guilty of forgery and sentenced to
seven years' imprisonment.
During the first half of the present
year, 1,330 persons were sent for from
the United Kingdom by their friends in
Victoria. Of these 522½ were from Eng-
land and Wales, 150½ from Scotland, and
1,257 from Ireland.
A nugget of 102 ounces has been found
in the Gulf Claim, Billarat, Victoria.
**QUEENSLAND, SOUTH AUSTRALIA AND TAS-
MANIA.**
The President of the Marine Board of
South Australia has returned from his
surveying expedition to the southeast.
He reports that Lacedæa Bay is the best
harbor all along the coast. Conditionally
upon a light being placed on Cape Jaffa
by which to steer for its entrance.
The second session of the fourth Parlia-
ment of Tasmania opened on the 20th
of September.
The purchase of the Essenden Railway
by the Government has been concluded,
and it is put in working order im-
mediately.
A sample of gold consisting of 138
ounces, from the Rosewood diggings, 50
miles distant from Rockhampton, Queens-
land, has been exhibited in Sydney. It
is stated on good authority that it was
procured by three men in ten weeks, from
a dry creek west of the main range.
There are several fine nuggets in the sam-
ple, one weighing 22 ounces, another 17,
another 8, and another 7.

New Zealand.
Latest dates are from Auckland to the
3d, and from Wellington to the 8th of
September.
THE RECALL OF SIR GREY.—The dis-
patch of the Duke of Buckingham, Col-
onial Secretary, to Sir George Grey, con-
veying the information in very curt terms
that his Excellency is about to be sum-
marily removed from his high office as
Governor of New Zealand, has created an
immense sensation in the colony. The
indiscreet action of the Downing Street
authorities in this matter is universally
condemned. The dispatch referred to
intimated that by the next mail Governor
Grey will be informed who is his suc-
cessor, and when he may be expected to
arrive there.
Energetic protests are being prepared
against Sir George Grey's removal, which
will be forwarded to the Home Govern-
ment. Considerable speculations are rife
as to the reasons and motives of the
proposed change as well as the name of
the prospective Governor.
The *Southern Cross*, of September 3d,
says:—"We believed that the 'coming
man' is Mr Kennedy, late Governor of
Vancouver Island, and formerly Governor
at Sierra Leone. Lord A. Churchill is
mentioned at Wellington, but we appre-
hend this is an error. Mr Kennedy is
presently out of employment, Vancouver
having been recently annexed to British
Columbia. Sir George Grey's successor
may be expected by the next Panama
mail."
Distressing floods have occurred on
Middle Island, New Zealand, and numer-
ous wrecks of coasting vessels are re-
ported.
Severe weather has been experienced
on the West Coast (New Zealand); the
coaches between Canterbury and Hokitika
were stopped by the snow, and the tele-
graph line for about forty miles was
thrown down.
The yield of gold, both at the Grey
and Hokitika diggings continues excel-
lent.
On the night of the 24th August the
tide at Hokitika, New Zealand, was so
high and the surf so severe that a line of
seven or eight feet more of the beach on
which the town is built was washed away.
The owners of wooden houses erected
close to the sea have been busy of late
removing them further away from the
influence of the sea.
All of the imperial troops are now re-
moved finally from New Zealand, and the
colonists have henceforward to look to their
own protection.
As an immediate consequence of the
removal of the troops the Maories—that
is the hostile portion of the natives—are
beginning to muster and threaten. They
are bent on having the confiscated terri-
tory of Waikato restored to them, peace-
ably if they can, but they are ready to
fight for it otherwise. Matters don't
look particularly pleasant to the colonists.
Another war is among the probabilities
of the immediate future.
The Thames gold fields have not turned
out equal to the expectation of the
Aucklanders. Prospecting is going on,
but as yet without any very great result.

If you wish the very best CABINET PHO-
TOGRAPHS, you must call on BRADLEY &
RULOFSON, 429 Montgomery street, San
Francisco.
FRED PAYNE has removed his Cheap
Shaving Shop to the opposite side of Johnson
street, just above the Miner's Saloon.
